FILE No. 11 of 1904-05.

The Chief Court's Law Reports.

12 From the Superintendent, Government Press, No. 698, dated 10th February 1905.

Forwards a statement showing the probable increase to be made in the piece-work allotment in order to print the Chief Court reports in the Government Press, and states that the work cannot be done with anything like expedition until more machinery and types are sanctioned after final orders are passed on Mr. Fisher's report.

13 To the Superintendent, Government Press, No. J. 2478, dated the 27th February 1905.

States that the Government cannot follow him in his statements about the cost of extra establishment required to print the Law Reports in the Government Press, and requests that precise particulars as required in para 5 of Government Proceedings No. J. 1766-69, dated the 4th January 1905, may be furnished early.

16 From the Superintendent, Government Press, No. 775, dated the 13th March 1905.

Requests that, as the Government Press has been saddled with heavy work and the stock of type is limited, sanction may be accorded to entrust the printing of the Reports for 1903 and the half-yearly for 1904 to a private press, the cost being borne by the piece-work establishment by reappropriation from available funds, and adds that the Reports for 1901 and 1902 now under compilation in the Chief Court will be undertaken by the Government Press.

19 Government Proceedings No. J. 2904-7, dated the 8th April 1905, to the Superintendent, Government Press, the Comptroller to Government, the Registrar of the Chief Court, and the Law Reporter in Mysore.

Sanctions the above proposal, with the observation that the Superintendent, Government Press, may cause the Report for 1903 and the first half of 1904 to be executed as early as possible in any private press which promises to do the work quickly, any increase in the piece-work allotment for the next year being provided in that year's budget.

He was accordingly asked to submit a statement of the No. of hands that may be required & the cost thereof. He now pleads inability to get the work done by the Govt Press, owing to the want of a sufficient supply of type and other heavy works & proposes to hand over the printing of Reports for 1903 & the half years one for 1904. The former sent to early as the 15th August 1904 & the latter quite recently, to private press, the cost being borne by the Press-work establishment by reappropriation from available funds in the current year's Budget. The increase in the Press-work allotment for printing 300 pages copies of the Laws Reports containing 562 pages is estimated to come to Rs 200 approximately. The Report promises to furnish the Reports for 1901-02 in the Govt Press. when received.

I would also respectfully request that the Reports for 1902-03 may be sanctioned & request early execution.

TO

B. K. Venkatavaradaiengar, Esquire,
Secretary to Government,
Genl. and Rev. Departments.

SIR,

With reference to Government Proceedings No. J. 1766-69 / C-11-9, dated 4th / 5th January 1905, I have the honor to draw your attention to para 5 of the said order and to point out that it is impossible to submit a statement of the hands required to print the Law Reports and the cost thereof unless a separate establishment were maintained for this work alone. It would mean that separate Piece work compositors and machine men, separate Proof readers, separate Piece work binders and a separate office checking establishment would have to be maintained. In my letter No. 142, dated 5th August 1904, I have only asked for the

Hearg. Page 13

the Piece work allotment to be raised proportion-
-ately - the work would be done by the present
establishment with such increase of Piece
workers as can be obtained, only the actual
work done being paid for by the Piece sys-
-tem. I submit a statement shewing the
probable increase to the Piece-work allotment
is estimated from one years' daw Reports
Calculating the number of pages at 562.

Until new machinery and type
is sanctioned after final orders on Mr. Fisher's
Report it will be impossible to get on with
these Reports with anything like expedition
as there are only 160 lbs of type (Small
Pica) available which means only 16 pgs
of matter, whilst these Reports come
roughly to 562 pages which means 5,620 lbs.

I have the honor to be,

Sir,

Your most obedient Servant,

Superintendent,

Govt. Press in Mysore.
